CENTENÁRIO CITROËN | 1919-2019

... it was a hundred years ago.

On November 11, 1918 André Citroën ordered the following sentence to be placed in a brochure dedicated to a visit to the Javel factory:

"Where the visitors of the factory saw manufacture howitzers, soon will see, manufacture cars"

It was the announcement of what would happen in 1919: the first Citroën car.

The Citroën Classic Club of Portugal (CCCP) announces today, 100 years later, the program for 2019 to commemorate this great moment in Automobile History.
